

The Saint Paul Press.

SAINT PAUL, FRIDAY JAN. 5.
This paper has a larger daily circulation than any other in Minnesota, and therefore presents inducements to advertisers which they will not find elsewhere.

Republican Union Convention.

A state convention of all unconditional Union men who are opposed to the existing Democratic party, and who sustain the present National Administration, its great object being to maintain the Union and suppress rebellion, will assemble in Ingalls's Hall, in St. Paul, on Wednesday, March 24, 1864, at 12 o'clock, a. m., for the purpose of selecting delegates to represent Minnesota in the ensuing National Convention.

RETURNING VETERANS.

Arrival Home of Company K, Third Regiment.

THEIR JOURNEY AND MUSTER ROLL.

We noticed yesterday the arrival at La Crosse of Company K, Third Minnesota. Last evening Capt. James L. Hodges, of Olmsted county, and Lieut. H. D. Gates of the same county, reached here.

From them we learn that the company, 29 in number, has been called to a muster in addition to this Capt. Hodges was the first man to muster in the company in the Army Corps, which it is understood, so that Minnesota takes the lead as usual.

They left Little Rock, Arkansas, on the 12th of January, and on reaching Memphis, were detained ten days awaiting transportation to the river. All the steamboats were pressed into the service to transport the 10th Army Corps, Gen. Sherman's, on some secret expedition, and the delay was owing to this. Getting started once more they reached Cairo and were soon after sent to Chicago.

Here they remained but a few hours, when they were again on the wing, but destined to have still further delay before terminating their journey. Monday night they were again on the wing, but destined to have still further delay before terminating their journey. Monday night they were again on the wing, but destined to have still further delay before terminating their journey.

THE REPUBLICAN UNION CONVENTION.

We cannot send typographical errors.

It is also stated, with some truth we may say, that the appointment on the basis decided upon by the State Central Committee is grossly unjust and depriving many counties of an equitable representation in the Convention, and giving many others a far greater representation than they are entitled to by their population.

UNION LEGISLATIVE CAUCUS.

In response to the call of the Committee announced in yesterday's Press, this evening met at the Hall of the House last evening. Senator Wadsworth, called the caucus to order. Senator DASHLEY was elected Chairman, and Representative HILL, Secretary.

STATE PRINTER.

Representative DASHLEY, of the St. Paul Press, called the caucus to order, and moved that he be nominated by acclamation, which motion was carried unanimously and Mr. DASHLEY was nominated without a dissenting vote.

SURVEYORS OF LOGS AND LUMBER.

The following gentlemen were nominated by acclamation for Surveyors:

First District—Charles R. Gardner.
Second District—Mark T. Berry.
Third District—Thomas J. Little.
Fourth District—Chandler Halliburton.

NOMINAL SCHOOL BOARD.

The term of the members from this old-fashioned Judicial District expires this session. The following are the names of the nominees:

First District—Joseph Haskell.
Third District—A. D. Ford.
Fifth District—H. J. Park.

THE NOMINATION FOR STATE PRINTER.

We tender our sincere thanks to the administration members of the Legislature composing the caucus last evening for the flattering endorsement given to the Press, by nominating one of its proprietors for State Printer. The manner in which he was nominated augurs well for the unity and harmony of the Republican-Union organization in the future. None can fail to see that concert of action among the friends of the Union and the Administration is essential to success in the coming political contests. Our opponents still maintain, to a great degree, their ancient dissensions, and the great bulk of their former misdeeds are ready to respond to the beck of their leaders: to prove this, we might cite the case of the election in Ohio last fall when they polled 275,000 votes, a larger vote than was ever before given to even a successful candidate in that State; to come nearer home, we would refer to the Democratic vote in Minnesota last fall, when despite the almost overwhelming discouragements under which they labored, nearly 13,000 Democratic votes were polled.

THE HOUSE RECEIVED PERMISSION TO RETURN HOME.

We gave a few days since, a statement of the fact that our Congressional delegation had united in an application to the War Department, to allow our First Regiment to return home on furlough, to recruit. General Halleck has recommended the allowance of the request, and Major Mark W. Downie last night received a telegram to the effect that the First would return! We trust this announcement will, while it electrifies every body with pleasure, be a timely notice to all to join in preparing a triumphal reception to these heroes—such as is befitting their almost world-wide reputation.

SENATOR RAMSEY OFFERED THE FOLLOWING RESOLUTION IN THE SENATE LAST WEEK.

Resolved, That the President of the United States be requested to communicate to the Senate, if in his opinion not incompatible with the public interests, copies of the correspondence with the authorities of Great Britain, in relation to the request made in 1855, for the return of the military forces of the United States, to pursue such hostile lands of the Sioux Indians, engaged in actual warfare, as might cross the international bounds in the Hudson's Bay territory.

In response to this, the President sent in the correspondence on Monday.

The concert of Frank Wood, assisted by a number of excellent musicians, last night at Ingalls's Hall, was a very fine one. All the pieces were well received—some of them enthusiastically. That song of "Widow Macree," with the modern additions, was most amusingly bad.

One of Senator Sprague's cotton

one (the latter) paid an excise tax of \$1,000 for the month of January.

Legislature of Minnesota.

SIXTH SESSION.

SENATE.

THURSDAY Feb. 4, 1864.
Senate met at two o'clock with prayer by the Chaplain. Roll called, Journal read and approved.

BILLS INTRODUCED.

By Senator RICE—A memorial to Congress asking for an appropriation for a geological survey of the north shore of Lake Superior, and a bill for the purpose.

By Senator WALKER—S. F. No. 60, a bill for an act in relation to constables (see far travel, in serving a process).

PETERSONS.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

By Senator MILLER—A petition of W. C. Peterson, of Olmsted county, for a bill to amend an act in relation to the duties of constables.

THE CITY.

NEXT SEASON'S LUMBERING OPERATIONS.—From all accounts it would seem that lumbering next season will be very brisk. An immense amount of logs and lumber—two million dollars, are lying in the dried up streams on the Upper Mississippi. With a fair stage of water next season, this will all be got out, making brisk times for a few months, and money plenty.

In reference to the St. Croix Timber the *Saltwater Messenger* says:

The magnitude of the lumbering operations on the St. Croix waters—of which this city is the headquarters—may be seen from the following statistics of the amount of lumber being cut this winter, which we have carefully collected from the most reliable sources, and which may be relied on as substantially correct:

Names of river.	No. men.	No. thousand feet.
Snake	237	23,200
Apple	237	23,200
Yellow	208	9,000
Totobito	53	5,700
St. Croix	63	5,900
Wood	100	3,000
Chase's Brook	43	3,000
Moore	13	2,000
Clam	20	2,000
Total	1,104	91,500

To carry on these operations it requires, besides a regiment of men, 700 horses and oxen, and a vast capital of about a million dollars. After this lumber is floated down the streams it is sorted over and the greater portion of it is rafted in the log. This immense labor is all done at this place and will require more than the number of men now in the woods to drive and raft the whole amount in one year. Besides the rafting present appearance indicates that not far from 30,000,000 feet of this lumber will be manufactured, before it leaves the St. Croix Lake, of which about 25,000,000 will be manufactured at the mills in this city.

The sale of this year's lumber will bring into the country, at the present prices, upwards of a million dollars. Company, friends, country! With a propitious Providence and plenty of water we have a gala day in the miller next summer.

Such is the demand for lumber for next season's operations, that at Hudson the lumbermen are already engaged men to work on the "drive," next spring at \$7 per day.

BEREAVEMENT.—On Tuesday night a house near Stillman's Brewery was broken open and several articles stolen. The matter was put into the hands of ex-officio Patterson as detective. He succeeded in tracing the thief over into Hennepin county, where he arrested him and secured the goods. The name of the party is Samuel Quinn. He will be tried this morning before Judge Strother, who is now acting as City Justice.

On Wednesday night the stable of J. V. Selby and E. D. Cobb, on St. Anthony Hill, were opened by burglars, and three sets of harness and two fine saddles were stolen. A horse was taken from Mr. Cobb's stable. A horse was taken from Mr. Cobb's stable. A horse was taken from Mr. Cobb's stable.

MUSICAL SOCIETY'S SECOND CONCERT.—To-night is a musical week in reality, and the best of the four seems to be reserved for this. To-night the St. Paul Musical Society will give their second concert. This is an entertainment we hazard nothing in saying, for we were convinced by their first concert that we could say very much in praise of it without being at all insincere. The orchestra has been practising diligently ever since Dec. 25th, the date of their last concert, and will this evening bring out some new and excellent pieces. Fifteen performers will appear, and those who were so highly pleased with their last concert will certainly say to-night they have improved greatly.

THE STEREOPTICON.—There was a full house at the Baptist Church last night to see the Stereopticon. The children were transported with delight, and the adults were even more pleased than the children, if possible.

The ninth and last exhibition will be given at Ingersoll's Hall on Saturday evening. All the pieces will be shown in one evening, making it the most attractive evening's entertainment ever offered to a St. Paul audience. When Mr. Eggleston says "last night," he means it. This will be the only opportunity left of seeing this delightful exhibition.

THE PROVOST GUARD now on duty in this city have instructions to arrest all persons wearing United States military clothing, without authority to do so.

A NEW USE FOR WHEAT.—The farmers in the neighborhood of Richmond and Star Prairie are selling their wheat to the lumbermen, who use it for feed for their horses and cattle. They pay one dollar per bushel. Several thousand bushels have been sold for that purpose.

MUSIC NOTICE.—There will be a special communication of St. Paul Lodge No. 3, F. & A. M., this (Friday) evening at 7 o'clock, for work in the second degree. A full attendance and fraternality is requested. By order of the W. M., J. B. SLITCHER, Secretary.

AN invalid will dispose of his horse, cutter and harness, and a pair of carriages, keys, whip and string of bells. All purchased within a month, and will be sold for \$200. Apply at this office, feb-24

CHAMBER OF COMMERCE.—There will be a special meeting of the Chamber of Commerce, at the room of the Library Association, (Ingersoll's block), on Saturday evening at half past seven o'clock.

All members of the Chamber and all who desire to become members are invited to attend. By order of the President, J. C. BURBANK, J. W. McCLEGG, Secy.

GOOD COOKS.—Ladies, if you would be known as good cooks, and avoid the mortification of having poor biscuit for tea when you have company, use Dr. J. C. & Co.'s *Cherry and Strawberry*, and be careful when you buy to get the article in red paper, for there is a counterfeit put up in green.

THE STATE TREASURER has received the allotment of Co. H, 5th regiment.

New Advertisements.

SECOND GRAND MASQUERADE. By almost unanimous request of the participants at their first success the *Reading School & Singing Societies* have decided to give a second

"Ball Masque," at the **ATHENAEUM,** ON MONDAY EVENING NEXT, February 8th, 1864.

Ticket \$1.00. To gallery for spectators, 50c. feb-5

LAKE SUPERIOR RAILROAD.

The following is a copy of the memorial to Congress for a land grant to aid in the construction of the Lake Superior and Mississippi Railroad, which has passed both branches of the Legislature without a dissenting vote:

A MEMORIAL In relation to a Land Grant to aid in the construction of the Lake Superior and Mississippi Railroad.

To the Honorable the Senate and House of Representatives of the United States in Congress assembled:

Your Memorialists the Legislature of the State of Minnesota, would respectfully represent:

That a Railroad communication from the Mississippi River to the head of Lake Superior, has for a long time been the subject of anxious solicitude on the part of the late Territory, and of the State of Minnesota, as rendering access to and available to them, what is obviously the natural outlet of a large portion of this State for its products to the Eastern markets, and shipping points on the Atlantic seaboard, and as being the most ready and reliable means of opening up to emigration and settlement an extensive tract of country, which will be traversed by such a road, and which, although possessing abundant resources is now unproductive and a mere wilderness.

That the attention of Congress was directed to this important subject during the Territorial existence of Minnesota, as early as 1851, during which year a grant of lands in alternate sections was made by the Territory of Minnesota, to aid in the construction of such a Railroad; this grant, however, was repealed at the same session of Congress in consequence of an unauthorized alteration in the draft of the bill, pending its passage in Congress, which caused an immediate repeal of the grant to Minnesota was in no way implicated in this matter, and that this alteration, acting without the sanction of the Territory, as has already been stated, was clearly an unauthorized alteration in the proceedings of Congress investigating the matter; the result to Minnesota, however, has been entirely disastrous, and has been exceedingly disastrous, and for the unfortunate circumstance causing the grant to be repealed, it is respectfully asserted that such a road would have been, by this time, entirely completed and equipped. It is not impugned to state in this connection, that at the time of the grant, Minnesota was in the infancy, not producing sufficient from its fertile soil for the consumption of its own inhabitants, and yielding little or nothing for export; that at a later period, and in its organized and settled state, its agricultural resources have been developed in a rational and systematic manner, so as not only to yield abundance for home consumption, but to leave a large surplus yearly, of grain and other products for exportation, and that this line of communication, which at the early day referred to, was of sufficient importance by reason of its importance, merely prospective, to deserve the encouragement and liberal aid of the General Government, has now become a practical necessity to Minnesota, and its want is most keenly felt as retarding her prosperity and the settlement of a large portion of her territory.

Your Memorialists would further state, that this State has labored, and it is feared has labored in vain to accomplish an important object; that a railroad Company, and made been incorporated and organized under the laws of this State, under the name of "The Lake Superior and Mississippi Railroad Company," and that this Company, in its organized and settled state, its agricultural resources have been developed in a rational and systematic manner, so as not only to yield abundance for home consumption, but to leave a large surplus yearly, of grain and other products for exportation, and that this line of communication, which at the early day referred to, was of sufficient importance by reason of its importance, merely prospective, to deserve the encouragement and liberal aid of the General Government, has now become a practical necessity to Minnesota, and its want is most keenly felt as retarding her prosperity and the settlement of a large portion of her territory.

Your Memorialists would further state, that this State has labored, and it is feared has labored in vain to accomplish an important object; that a railroad Company, and made been incorporated and organized under the laws of this State, under the name of "The Lake Superior and Mississippi Railroad Company," and that this Company, in its organized and settled state, its agricultural resources have been developed in a rational and systematic manner, so as not only to yield abundance for home consumption, but to leave a large surplus yearly, of grain and other products for exportation, and that this line of communication, which at the early day referred to, was of sufficient importance by reason of its importance, merely prospective, to deserve the encouragement and liberal aid of the General Government, has now become a practical necessity to Minnesota, and its want is most keenly felt as retarding her prosperity and the settlement of a large portion of her territory.

Your Memorialists would further state, that this State has labored, and it is feared has labored in vain to accomplish an important object; that a railroad Company, and made been incorporated and organized under the laws of this State, under the name of "The Lake Superior and Mississippi Railroad Company," and that this Company, in its organized and settled state, its agricultural resources have been developed in a rational and systematic manner, so as not only to yield abundance for home consumption, but to leave a large surplus yearly, of grain and other products for exportation, and that this line of communication, which at the early day referred to, was of sufficient importance by reason of its importance, merely prospective, to deserve the encouragement and liberal aid of the General Government, has now become a practical necessity to Minnesota, and its want is most keenly felt as retarding her prosperity and the settlement of a large portion of her territory.

THE CITY.

THE CITY COUNCIL.
The Resolutions Appropriating \$50,000 in Bonds to the Minnesota Central Railroad for Building a Bridge over the Mississippi Passed.

The City Council held a special meeting last night to consider and act on the resolutions (heretofore published) authorizing the issue of \$50,000 to the Minnesota Central Railroad, for building the proposed bridge across the Mississippi, and a branch to connect St. Paul with that road.

The resolutions passed without opposition or debate, a slight amendment only, being made to the line 10 feet for the use of their track.

RECEPTION OF THE FIRST REGIMENT.
The Committee appointed to receive the Second Regiment, were met at 8 o'clock at the headquarters of the First Regiment.

A NEW ORDINANCE.
An ordinance was passed punishing by a fine any one wearing a policeman's star, or pretending to be, and acting as policeman, without due authority thereto.

THE CURRY RESERVATION.
Squire Strider was appointed City Justice, during the illness of Justice Gibbs.

ADJOURNED.
Another attempted robbery.—Some time during Thursday night the barn of Rev. Silas Hawley's on Canada street, was entered, and an unsuccessful attempt made to steal a pair of ponies therefrom.

The ponies, however, were not taken, and the thieves, who were heard to have aroused the consciousness of some villan.

A tame deer, belonging to Col. Baker was in the barn and fastened by a rope near the outside door. The deer possessed the most alert fear of the ponies, and when the thieves were in the barn of renewing it before leading them out. This would-be thief did not know, and in attempting to lead them into the street evidently frightened the deer, when to quick the second deer seized a hold and the noise this produced, probably alarmed the thief and he left without his booty.

On going to the barn in the morning the ponies were found, bridled and loaded. The deer lay in a dying condition, and its skull cracked, and was killed to relieve it from misery.

GOOD TEMPLE'S FESTIVAL IN MINNEAPOLIS.—The people of Minneapolis do everything heartily and liberally. It is only a few weeks since the Good Temple festival in that city, and they are now a power in the community. They now propose to hold a grand dramatic, literary, musical and gastronomic entertainment at Harrison Hall, on Monday evening, February 5, for the purpose of raising funds for the promotion of the cause of temperance in Minneapolis, on which occasion a very entertaining program will be presented.

THE GRAND CLOSING EXHIBITION OF THE STERILIZATION. This exhibition will be given to-day. This delightful entertainment has become well known to need much notice. The great feature of this evening is the appearance of the entire collection of about one hundred pictures. All the exquisite views that have appeared during the series will be repeated at this evening. The single announcement of this fact will crowd Ingalls' Hall this evening. Mr. Eggleston goes to Minneapolis with his instrument next week and this is the last chance to see this wonderful exhibition.

BAPTISM IN ST. ANTHONY.—The ordinance of Baptism will be administered on Sabbath, February 7th, at half past 12 o'clock, at the watering place above Broad's factory, in St. Anthony.

Preaching in the Baptist Church at half past 10 o'clock A. M., and 7 P. M.

UNIVERSALISM IN MINNEAPOLIS.—The Rev. Dr. Skinner, from New York, will preach at Morrison's Hall on Sunday, the 7th inst., at 2 1/2 o'clock P. M., on dividing the infant child, under Solomon, 1 Kings 11, 21, 25.

CHAMBER OF COMMERCE.—There will be a special meeting of the Chamber of Commerce, at the room of the Library Association, (Ingersoll's Block), on Saturday evening at half past seven o'clock.

All members of the Chamber and all who desire to become members are invited to attend.

By order of the President
J. W. McClellan, Sec'y.

The Saint Paul Press.

SAINT PAUL, THURSDAY FEB. 11.

This paper has a larger daily circulation than any other in Minnesota, and is the most influential in the State. It is published every day except on Sundays and public holidays, and is sent to all subscribers free of charge.

THE CALL FOR A STATE CONVENTION.

Editorial signed by Republican members of the Legislature and by citizens of the State, and have been addressed to the Republican State Central Committee, requesting them (1) to change the designation of the Nominating Convention in Minnesota, from Republican-Union to Union Convention; and (2) to amend the constitution of the call by omitting the words "who are opposed to the existing Democratic party."

The Committee have, upon due consideration, deemed it necessary to decline answering to these requests—to the first, because they have no authority to change the name of the organization from which they hold. Certain specific limitations or changes have been entrusted to them by the Republican Union party, and they do not feel at liberty to transcend those limitations, or to assume powers not conferred upon them. It happens, too, that in the Convention from which this Committee is derived, a Resolution was introduced, proposing the very change of name now recommended to the Committee—and it was with no little favor that the Convention ever refused to consider it.

The second is not above his master, and whatever latitude of construction may be given to the powers of the Committee, they are hardly competent to make a change so capriciously refused by the body which they represent. The question must of course be referred to the State, or perhaps to the National Convention.

The propriety of the proposed change is, of course, quite another matter, and trivial as it may at first seem, it is really a question of great importance. For if there is ever an occasion where it is true that words are things, it is especially true of words used to designate the great political parties upon whose action in the past and last resort depend the destinies of the nation.

It is scarcely too much to say that the whole power of the Democratic party lies in the spell of that ancient and honored name, which its thousand denunciations were engraved upon their brazen shields, and which is everywhere stamped like an epitaph on the tomb of every genuine Democratic sentiment.

We shall not wonder if the State Convention shall hesitate long, even in the face of the most cogent reasons of expediency, to cease from the folds of the party banner the glorious name with which all the struggles and triumphs of the party of Freedom and the Union are indissolubly associated.

Nevertheless if it can be made to appear that the sacrifice of the proud title under which history will forever recognize the true organic embodiment of American Democracy and American Nationality, will extend and strengthen the great cause for which only they prize the name of Republican, they will joyfully surrender that, too, to Liberty and to Country.

The Committee also declined to accede to the second request above named, to wit: that the words "who are opposed to the existing Democratic party" be dropped from the call. For though it is believed that the terms of the call are sufficiently definite and explicit without those words, yet it is regarded as a mere verbal superfluity which includes or excludes no one not already embraced in the more positive terms which follow. Since, therefore, the call has already been published, it is considered hardly worth while to change it by a verbal amendment which really adds nothing to or subtracts nothing from the scope of the call, while the deliberate measure might give rise to the false impression that the Republican party in this State was disposed to abolish the heaven and radical distinction between itself and the organized enemies of Law and Liberty.

Gov. MILLER received the following dispatch last evening:

WASHINGTON, Feb. 9, 1864.

The First Regiment left Washington Sunday forenoon, 10 o'clock; left Baltimore Monday morning at three o'clock.

IGNATIUS DONNELLY.

Eighty-five enlisted men came up Tuesday night from Lake City in charge of Henry Dwyer, by whom they were recruited. Lake City offers \$100 bounty for recruits and is desirous to escape the draft by patriotically raising his quota.

The United States Sanitary Commission are to hold a Grand Fair at Brooklyn, New York, commencing on Feb. 22d. They have issued circulars asking for specimens of the products of each State, all of which are to have separate apartments.

Several of the States are preparing agricultural books, to be exhibited in their Departments and finally sold. Governor Miller has sent several agricultural letters. In reply to a request from the New Jersey Committee for a sentiment, he sent:

Minnesota—She is proud of her soldiers, supports the Government, fights for the Union, and trusts in God.

A trunk containing \$40,000 was found next to our soldiers, secured in a house near Knoxville.

Legislature of Minnesota.

SIXTH SESSION.

SENATE.

WEDNESDAY, Feb. 10, 1864.

Senate met at usual hour; prayer by the Chaplain, Rev. J. J. Johnson, read and approved.
